

Curriculum Vitae Thomas Kesselring

Senior SAP-Developer / Technical Consultant

Education

Diploma in Economical Engineering (FH)

REFA A- and B-certificate

Multiple Level 1 certifications in SD, MM and logistics

ASAP certification

SAP-Experience since

1995

Languages

German, English, French

Year of birth

1962

**Professional
Qualifications**

Development of extensions, ABAP/4 and ABAP-OO based
Development of reports, add-ons, userexits/BAdIs and dialog transactions
Data migrations
Performance optimizations
Support
Change requests
Go Live / Hypercare
Coaching and training

SAP components

R/3, ECC, HANA , S/4 HANA
Focus: SD, LE, WM, MM, PM, CS, PP, CA-CL
Further skills: FI-AA, FI-AR, FI-AP, EWM

SAP expertise

ABAP/4, ABAP-OO, ABAP Stack 750 and higher
HANA Studio, CDS, AMDP, ALV with IDA
User-Exit (Include, CMOD and SMOD), BAdI
Reports
Dialog-Programs
Correct posting
RFC, tRFC, qRFC
Controls
Formulas and Requirements (VOFM)
SAPscript, Smart Forms
Batch Input
Data Dictionary (DDIC)

IT-Experience

SAP R/2 (Migration)
SAP R/3
SAP ECC
HANA database
SAP S/4 HANA
Microsoft Office
Aris Toolset
Solution Manager

Industry sectors

Machinery
Automotive
Chemical
Printing industry and printing machinery
Electronics
Consulting
Cable industry
Consumer goods
Mechanical engineering
Media
Medical devices
Public sector
Pharmaceuticals
Software
Packaging materials
Mail order business
Insurance

At a glance

I started 1995 as an SAP logistics consultant, implementing logistics processes with multinational companies until 2001. According the scope of these projects I supported mainly SD, LE and MM modules plus their integration into finance and controlling.

Additionally I taught a wide range of trainings at SAP's customer training centers in the area of SD and LE.

Since 2001 I am focusing on the development of reports, add-ons, user exits/BAdIs and dialog transactions with mainly object oriented approach, mostly within the Modules SD, LE, WM, MM, PM, CS, PP und CA-CL.

Due continuous education I own the latest knowledge on programming techniques with ABAP stacks 750 and higher.

I am an analytical, target oriented person with a huge logistics and economical background.

Trainings taken		Trainings taught	
SA100	SAP-Academy Materials Management		SAP College Materials Management and Procurement
BC030	Data Dictionary		SAP Academy Materials Management and external Procurement
BC170	ABAP/4 basics	TASD30	Competence SD
BC220	Basics of Dialog Programming	LO610	Distribution
MM015	Classification	LO611	Transport
MM060	Consumption based Material Demand	LO615	Invoicing
MM080	Organization and Configuration MM	LO620	Pricing
PP200	Organization and Configuration PP	LO645	Credit Management
SD060	Organization and Configuration SD	LO650	Configuration SD
BC085	Workflow	LO925	Special processes logistics
BC605	Organization and Configuration Workflow	LO930	Sales Information System
BC407	Quick Views, Info Set Query, SAP Query	ASAP91	Accelerated SAP
BC470	Smart Forms	D446SD	Delta SD 4.0 <-> 4.6
BC412	SAP Enjoy Controls	BC400	ABAP Workbench Basics
CD350	Advanced ABAP Programming		
CD251	Update your ABAP skills to NetWeaver 7.0		
NET310	Web Dynpro basics		
WCHAPT	ABAP Performance Analyze und Optimization		
EWM100	Processes Extended Warehouse Management		
EWM110	Configuration 1 Extended Warehouse Management		
EWM900	Developer Workshop Extended Warehouse Management		
HA400	ABAP Development on SAP HANA		
S/4 HANA	Developer Bootcamp		
Thomas Jung	ABAP Object Oriented Patterns
